### DISCUSSION QUESTIONS FOR FAMILY, FRIENDS & GROUPS

---

1. How have you been connecting with neighbors since we started our Love Your Neighbor emphasis this fall? How have you been meeting, hosting, inviting, and serving your neighbors? What next step could you take with your neighbors?
2. Why is it important when sharing the good news with someone to see them as infinitely valuable? How can you make someone feel valuable? What barriers stand in the way of making people feel valuable?
3. Are there people in your life that you have written off as a lost cause? How does it change how you share the good news if you truly believe that anyone can be saved?
4. Why do we need to actually verbally share the message of the gospel, not just set an example with our life?
5. What makes spiritual conversations “beautiful” (10:15)?
6. Pair up with another person and go through the God’s Good News booklet you received in the service (or use the electronic version on the CCCLife app). Practice walking through the entire gospel as if you were explaining it to someone.
