DISCUSSION QUESTIONS

FOR FAMILY, FRIENDS & GROUPS

1. What is the most "faith filled" thing you have ever done or seen someone do?
2. Read Hebrews 3:14. What did Clayton mean when he said "saving faith is lasting faith" and how does verse 14 explain that?
3. Read Hebrews 3:7-11, 15-19. How does the story of the wilderness generation show the danger of a hard heart?
4. As a group, try to come up with at least 3 for each: What kinds of things cause a heart to become hard? What can someone do to keep their heart soft?
5. Are there areas of your life where you are tempted to believe sin's lies? How can this group help you with that?
6. On a scale of 1-10 (1 being fluffy soft and 10 being rock hard), how would you rate the current condition of your heart? Why do you give yourself that score?
7. What can you do this week to encourage the other members of this group to keep their eyes on Christ?
